

Leanne Wadey

I am passionate about dance and the positive effects dance has on people's lives! I currently do Zumba, Salsa and other South American dances in my spare time and love the energy, expression and vibrancy.

As a trustee I bring my years of experience managing and running small to large businesses across the south of England and my in-depth knowledge of recruitment. I have worked in the health care, both elderly and learning disabilities sectors.

I believe this combination of experience and passion will benefit Dance Hastings and I will enjoy this role helping people through dance”.
